Credits to everyone involved in making these texture packs, plus me for making the yameii and kennan icons x)

Only available on UHD at the moment

Download UHD: https://drive.google.com/file/d/15aY-iJmeayT1-Ol5zM3WkbefPdrdewgQ/view?usp=drivesdk

How to install on mobile:

- Get Italian APK Downloader's GD Mod Menu 7 and Zarchiver

- Open the ZIP, select Zarchiver as the option

- Open the "Luna v2.1" folder and download everything

- copy the folder to GD Mods > Texture Packs

- open GD (Mod Menu) go to Game Settings > Graphics Change > High. Then, Game Settings > Resolution Changer > 1920x1080. Then, Texture Packs, select "Luna v2.1", the game will restart and enjoy!
